# Create Bold Magic!

Now you can express your style with colorful contemporary flair.

Our sterling silver beads use resin accents to highlight intricate patterns inspired by nature and culture.

Our sterling chain, entirely handmade, is soft and luxuriant and with a nice weight. You'll love how it feels on your skin. Or choose our stretchable black chord which can be just slipped over the wrist. Then, design your own post or wire earring to match.

Compatible with other brands, Carousel's workmanship is guaranteed for lifes and made with 100% recycled sterling silver in factory that operates with fair trade principals. Because in today's world, how a charm bead is made can be as important as how it feels in your wrist.

## Our Designer

Helen Chantler wanted to design a joyful collection that would inspire others to create their own talismanic jewelry. She grew up in England and South East Asia, and her work is influenced by many artistic traditions. She is the Creative Director of her company, Reflective Images; and lives in Santa Fe, New Mexico with her husband, dog and cat. Please visit [carouselbeads.com](http://carouselbeads.com)
